

Department of Chemical Engineering
COLLEGE OF ENGINEERING | THE UNIVERSITY OF UTAH

CHEMICAL ENGINEERING GRADUATE PROGRAMS

The University of Utah Department of Chemical Engineering offers doctoral and master's degrees for recently graduated students and working professionals alike. We take pride in our diverse and growing graduate student population that represents all corners of the globe. With more than 25 professors and over \$8 million per year in research funding, the University of Utah's chemical engineering department is among the largest and most successful in the western U.S.

In addition to high-quality research in areas ranging from nanomaterials to biotechnology to low-carbon energy innovations, you will find that our award-winning faculty is devoted to teaching and student development. Our graduate students enjoy the collegiality of our department and the world-class teaching and research facilities. The University of Utah fosters innovation and offers strong support for development of startup companies.

Incoming Ph.D. students are guaranteed financial support and tuition costs are waived through the university's tuition benefit program.

Every February, prospective Ph.D. students living in the U.S. have the opportunity to visit Salt Lake City to tour the campus and research facilities, learn more about our graduate program, and interact with faculty and students. Organized skiing and tour activities are available to introduce students to the city and surrounding areas. Please visit our web site for more information about this opportunity.

Application fees: Ph.D. (domestic) - Free; Ph.D. (international) - \$65; MS (domestic) - \$55; MS (international) - \$65

COLLEGE OF ENGINEERING

With strong support from the State of Utah, the college has significantly grown its facilities, equipment and faculty. In 2020, we awarded 409 master's and doctoral degrees, and in 2020 we reached more than \$89.4 million in engineering-related research expenditures (including sub awards).

LIVING IN UTAH

Utah is legendary for snow sports, camping, hiking, biking, fine cuisine, fine arts and diverse music and entertainment.

- Six world-class skiing and snowboarding resorts within a 40-minute drive of the University of Utah.
- Five scenic national parks and dozens of state parks celebrated for their beauty and accessibility.
- Hiking trails that led National Geographic to rank Salt Lake City No. 1 in Best U.S. Hiking Cities.
- Sundance Film Festival, MLS's Real Salt Lake soccer team and the NBA's Utah Jazz.

RESEARCH AREAS

Biomedical and Biotechnology
Energy and Fuels
Environmental Sustainability
Materials and Nanotechnology
Multi-Scale Simulation
Petroleum Engineering
